

(WASHINGTON) Congressman Allen West (FL-22) released this statement today:

"Today's ruling by U.S. District Judge Roger Vinson reaffirms my belief that the health care law is unconstitutional. Democrats pushed this bill through Congress last year after repeatedly ignoring constitutional law as well as public opposition. Today's ruling is another important step in ensuring the Federal government does not overstep its boundaries by taking control over personal health care decisions. It has always been my belief that health care decisions should be made between patients, families, and their doctors, not politicians and bureaucrats. As this law makes its way through the court system, I am confident the constitution will prevail and this ruling will stand."
