

# Students Receive Congressional Award Gold Medal

---

**(WASHINGTON)--** Congressman Allen West (R-FL) proudly presented The Congressional Award Gold Medal to six student constituents of Florida's 22nd District today during a ceremony at the United States Capitol. Five additional students from South Florida were unable to attend the ceremony in Washington, D.C.

Earning The Congressional Award Gold Medal requires a significant commitment as each student must spend two years completing at least 400 hours of community service, 200 hours of both personal development and physical fitness activities, and a four-night expedition or exploration.

"These students represent the best of the next generation," West said. "It is an honor to present them with this award, an accomplishment they will carry with them for the rest of their lives."
